Transformative Education: The Art of Living and Learning

Tuesday, May 14, 2024

7:30 pm – 9:30 pm (PDT)

Concord House, 1407 Chapala
Street, Santa Barbara, CA

Zoom only event*

Presenter: Sonal Murali, Ph.D.

What are the significant elements of children's transformative education? Children have their active subconscious mind, which, like a tree, has the power to gather its food from the surrounding atmosphere. Every day the child is searching to

understand something, to grasp a piece of life. An educator's role is an interface for the child to explore the inner and the outer spaces and to see that the uniqueness of each child is celebrated, drawn out, and given wings to express freely in many ways.

Dr. Sonal Murali and her staff will discuss how their Academy in India reflects the philosophy that "school is not a preparation for life. School is life itself." She and her staff will join us live via Zoom from India, focusing on how an educator can facilitate awakening "the spark within."
