**How will newly  
arriving urban  
residents live  
and work in  
cities when  
more than half  
of humanity will  
be residing in  
urban areas in  
2007?**

**Dr. Maurice Bisheff will share ideas from the June 2006  
United Nations World Habitat 3 Conference on Cities.**

**Group discussion will follow.**

**Sample literature from the U.N. conference will be displayed.**
