**SEMINAR**  
**Discovering the Culture of Iran**

Saturday, March 24, 2018 from 2:00 – 5:00 pm  
Concord House, 1407 Chapala Street, Santa Barbara  
Presenter: Marlin Roehl

In this seminar, the culture of Iran will be uncovered through the experience of a recent traveler. In architecture, music, poetry and politics, the culture reveals in the literal and metaphorical battlefield of time, a continuous philosophical, aesthetic and social effort to develop *e pluribus unum* out of its many divergent cultural values. Poetically described, this synthesis might be experienced as Breath forms currents of space; water molds earth.
